Session 1	Programmes	Session description	Facilitator
Making DEI Come Alive with MYP Resources	MYP	This session will focus on sharing resources for promoting diversity, equity, and inclusion with IB standards and practices.	Kip
Programme Evaluation – avoiding the pitfalls	PYP & MYP	Sessions will be divided into PYP/MYP and CP/DP. Will focus on the areas of programme evaluation that seem to be giving folks the biggest challenges…and how to overcome these pitfalls.	Laura
Sandbox: Best Practices in Program Implementation	PYP, MYP, CP, DP	This session invites coordinators to collaboratively share, explore, and reflect on successful strategies and structures that support effective program implementation.	Josh
IBIS for new DP & CP coordinators	CP, DP	IBIS is the information system of IB. It is where you will register students, request inclusive arrangements (accommodations), deal with schedule conflicts, access scores, and more. This session will provide the basics for new DP & CP coordinators who are just getting started. Session will focus on exam registration and applying for inclusive arrangements.	Julie

Session 2	Programmes	Session description	Facilitator
PYP Programme Updates and Setting Your Building Up for Success	PYP	This session will provide coordinators with the latest programme updates and practical insights to support successful implementation in their schools. Participants will engage in collaborative dialogue and leave with strategies, tools, and resources to strengthen their leadership and impact as IB coordinators.	Shannon
Highlights and resources for Enhancing the MYP	MYP	This session will focus on sharing highlights from the components and resources for Enhancing the MYP.	Kip
How CP can enhance your offerings	CP, DP	Introduction to CP, how it can expand your programme and reach more students.	Jonathan
Programme Evaluation – avoiding the pitfalls	CP, DP	Sessions will be divided into PYP/MYP and CP/DP. Will focus on the areas of programme evaluation that seem to be giving folks the biggest challenges…and how to overcome these pitfalls.	Laura

NOTE: We were not able to make the "Artificial Intelligence – 7 Trends in AI Research" work for today but are hoping to run it as a virtual session one afternoon in October. More to come on this.
