IBMA Excellence Award - PYP

Miriam Schimmoller

Thomas Jefferson Elementary

“Miriam embodies what it means to be collaborative. She goes out of her way to share resources, support her team with the PYP, and mentor teachers who are new to IB. In addition to her role as a 3rd grade teacher, she also serves as the Curriculum Teacher Leader (CTL) for social studies and science at our school. Miriam worked with her 3rd grade team to develop and integrate the state mandated Performance Based Assessments for social studies and science into each of their PYP units of inquiry, ending with a culminating presentation of their learning journey. The work that she and her team has accomplished has been an excellent example of how we can teach the content through the concepts and how we can use ongoing assessment to monitor student progress.”

IBMA Excellence Award - MYP

Patrick McCarthy *Meade High School*

“Mr. Patrick McCarthy is our language acquisition department chair at Meade High School. Through his leadership, the language acquisition department, which offers Spanish, French, Chinese, and American Sign Language, has taken the lead in delivering the programme within their subject with fidelity and authenticity. They vertically plan with the Diploma Programme in mind and provide excellent language instruction to our students. During our 5-year evaluation, we were commended for the ways in which we support mother tongue through efforts such as Spanish for Native Speakers as well as the efforts he and his department have made to expose students to a high level of language proficiency during their time in our programmes. We are very proud of the leadership of Mr. Patrick McCarthy in moving our programme forward.”

IBMA Excellence Award - CP

Elizabeth Lewis

North Hagerstown High School

“Elizabeth is our IB English SL teacher for our Career-related Programme students. With our first class of graduates this year, most of whom were non-traditional IB students, she was able to provide outstanding instruction that led to ALL members of our first cohort earning the CP-required '3' on their IB exam in English SL! This is an amazing accomplishment for our programme going forward!”

IBMA Excellence Award - DP

Katherine Mach

Archbishop Spalding High School

“Ms. Mach is the CAS Coordinator and teaches TOK as well as Mathematics: applications HL. The well-being and success of our students is at the core of all she does. She is creative, driven and committed to the mission of IB. She works tirelessly to make her curriculum accessible, to plan innovative and challenging lessons, and impress upon the students the importance of growth and reflection. She models all aspects of CAS for her students and crafts yearly retreats and field-trips that challenge our students to be open-minded and principled. Ms. Mach is truly the heart of the IB DP here at Spalding.”

IBMA Flash Chat Sessions

Flash chats are opportunities to discuss important IB issues which are on your mind. As part of your registration for this coordinators meeting, we asked you for topics and questions that you would like help with. This is not a presentation, instead it is a chance to gather around an issue that is critical to the success of IB Programs in your school or district.

Instructions

1. Randomly select a table to sit
2. Each table will have a prompt/question
3. You will have 7 minutes to discuss and take notes, provide feedback
4. Before you move to the next table, find an area on the wall to post your feedback
5. 3 minute transition time
6. Move to a table you have not sat and do not sit with anyone from your prior table.
7. 6 rotations
